## COVID-19 CIRCUIT BREAKER

---

Earlier today, the Victorian government in response to the increasing numbers of confirmed Covid-19 cases in the community announced Victoria will move to circuit breaker restrictions from 11:59pm tonight (27<sup>th</sup> May, 2021).

Fire Equipment Services (FES) is a division of Fire Rescue Victoria (FRV) and delivers essential services that are required to maintain your safety obligations and protect human health and safety. As such, we will continue to operate and service both Authorised Providers and Closed Work Premises throughout this circuit-breaker period just as we have since the beginning of the pandemic.

Importantly, ALL technicians remain available to conduct scheduled servicing of your fire detection, suppression & protection equipment and ALL office based staff (while working from home) remain available to respond to your enquiries and needs.

As the trusted leader, Fire Equipment Services is proud to continue supporting you with your Fire Safety & Emergency Management requirements:

- Inspection & Servicing of First Attack Fire Equipment
- Installation & Maintenance of Active Fire Systems
- Reporting & Advice on Passive Fire Systems
- Assessment & Provision of Essential Safety Measures
- Instruction in Emergency Training
- Delivery of Emergency Management

We are committed to community safety and protecting you and your assets as our highest priority throughout this period and if you have any concerns or questions, please contact us on **1300-855-163** or **service@fes.com.au**.

Regards,
